# Messages that stay in context.

## Parents, teachers, and students connected.

Start a conversation right from an assignment—every message stays connected to the work.

### Teacher messages

Parents and students can ask teachers from the assignment itself.

### Family messaging

Parents and students can coordinate inside LastBell without losing the work context.

### Always in context

Messages stay tied to the assignment, score, due date, and class.

### Secure and private

Conversations only include the right people for that student and assignment.

### Follow-up history

See what was asked, answered, and handled.

Hi Ms. Brooks, LastBell shows Avery's quiz retake as 2/20, but the returned paper says 18/20. The typo dropped Math from a B to a D. Could you check the score entry?

Rebecca Brooks

5/20/2026, 3:15 AM

Thank you for catching this. I entered 2 instead of 18 by mistake. The score is corrected now, and Avery's Math grade should move back up to a B after the next sync.

Teacher May 20, 8:00 AM

Yes, corrections can come in with the retake. Please have Avery bring the review packet tomorrow.

Parent May 20, 7:00 AM

Hi Ms. Brooks, Avery wants to know whether corrections can be turned in with the retake.
